**ISOLATION OF KINGDOM OF HOLLAND.**  
 Picks and Shovels Have Done Much in Reclamation of Vast Territory.  
 (Special to The Bulletin.)  
 Washington, D. C., Feb. 15.—The particular isolation of the kingdom of Holland as a result of the war zones established in the North Sea by the principal belligerents brings a world's sympathy for the brave little kingdom and her people, who are receiving so many of the ills of war with little chance of ever sharing its benefits.

Here is a section of the globe which was almost entirely overlooked by nature in the original distribution of land and other material, and even the land itself was wrong side up at the start. The existence of Petrograd and Amsterdam, and the cities of the world, are all due to the fact that the land was not in its original position, but was turned upside down.

Mr. Chapin states that Holland, one-fourth as high as New York in area, ranks third among the countries of the world in the number of its colonies and fifth in the area of its colonies, that she rules six times as many colonies as home people, and governs an outside area fifteen times as large as her home domains; that if France were properly populated as Holland she would have 35,000,000 people instead of 39,000,000. In spite of this lack of room, her main imports are valued at \$236,400 per capita, to our \$13.41, and her exports to \$203.50 to our \$24.56.

**Supple at Sixty**  
 Age and ripe experience mean happiness and usefulness when mental and bodily powers are preserved by keeping rich blood in the veins.  
 Nature's great strength-sustaining nourishment in Scott's Emulsion creates rich blood while it warms the body and alleviates rheumatic tendencies. Its oil-food imparts strength to both body and brain.  
 It is Nourishment—Not Alcohol.

There is no advertising medium in Eastern Connecticut equal to The Bulletin for business results.

**HEADACHE, COLIC OR SOUR STOMACH, REGULATE YOUR BOWELS—10 CENTS**

Sick headaches! Always trace them to lazy liver, delayed fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache.

**CANDY CATHARTIC**  
 10 CENT BOXES—ANY DRUG STORE  
 WORK WHILE YOU SLEEP

Cascarets will remove the cause by stimulating the liver, making the bile and constipation poison move on and out of the bowels. One taken tonight straightens you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular, and make you feel bright and cheerful for months. Children need Cascarets, too.
